LIS&A

L.I. Smith & Associates, Inc.

TRANSPORTATION SURVEYING

During the past years, L.I. Smith & Associates has had extensive experience in the transportation industry, being responsible for over \$1.3 billion in highway projects relating to over 546 miles of roads and bridges. Our transportation team offers a wide range of highway, street, and transportation design and surveying services.

The L.I. Smith's transportation group is comprised of a team of selected surveyors that specialize and have extensive experience in road and highway projects. Our many clients regularly rely upon our commitment to quality surveying and dependable performance. These clients include contractors, developers, engineers, commercial business planners, plus various government agencies such as municipalities, counties and the Department of Transportation.

CONSTRUCTION STAKING.

L.I. Smith & Associates, Inc. has provided construction stakes, lines and grades for a very diverse range of construction projects. Our firm's personnel have considerable construction experience which enables them to communicate readily with contractors on each job site.

A DBE Firm providing quality services since 1975.

LAND SURVEYING

L.I. Smith & Associates survey professionals have years of experience in the surveying industry with a large portion of that experience from property boundary surveys. LIS&A has been using and incorporating GPS technology into boundary surveys since the 1980's, and was a leading advocate for utilizing the State Plane Coordinate System for boundary surveys for the State of Tennessee. Over the last five years alone, LIS&A has completed a total of over 1,200 boundary surveys including 145 boundary projects provided to the State of Tennessee.

ALTA/ACSM.

L.I. Smith & Associates also prepares ALTA/ACSM Land Title Surveys for commercial and residential projects ranging in size from one acre parcels to large multiple acre parcels. Our professionals maintain a keen understanding of the ever changing Land Title Survey requirements and are consistently able to meet the time constraints associated with these types of projects. Providing services for over 30 years, our professionals have prepared surveys for various developers and lenders for establishments like Mapco Express, Walgreens, Red Robin, McDonalds, Krystals, and Starbucks, just to name a few.

SAFETY FIRST.

Members of the LIS&A survey division have completed over 300,000 hours without incident. As a result of our performance record, the Tennessee Road Builders Association presented LIS&A a safety award for its outstanding performance in 2007, 2008, 2009, and 2010.
